## TRUMAN TRICKED

### Conspiracy to Silence Bishop

**Pioneer Anti-Communist Among Anti-New Dealers Persecuted By Rogge Before He Was Fired.**

A fearless American who refused to compromise with Communism, William Gerald Bishop opposed it in CC Camps and other agencies, where he worked. He opposed Communism and the Red New Deal on the platform at a time when this was considered a crime.

His enemies realized that Bishop was too effective with the truth — he had to be stopped; hence the war fever was used to cover up his persecution. New Deal Reds in a position to use the United States treasury to punish their enemies had Bishop arrested and beaten, put him through a long and expensive trial; the jury acquitted him. He was arrested four times, has been imprisoned for six years, and has been moved all over the U. S. to break up his efforts to be released.

O. John Rogge, the prosecutor fired lately by Attorney General Clark for persecuting innocent people, continued to hound Bishop. This same Rogge, after long hours trying to get another anti-New Dealer, Douglas M. Stewart, Editor of Scribner's Commentator, to confess, cupped his hands over his face in desperation and said: "Why can't I get confessions like they do in Russia?"

Shortly before Rogge was fired by Attorney General Clark, he returned from a four month trip to Germany, where he had caused former German officials to be imprisoned for months and threatened with death to force them to come to this country and testify against so-called seditionists (anti-New Dealers and anti-Communists).

### STALIN PREDICTED ECONOMIC CRISIS IN THE UNITED STATES

"It may be stated that Stalin is one of those who think that an economic crisis after this war is inevitable in the United States. . . . Conditions are more ripe for revolution in the United States than they were in old Russia. The American revolution, when the workers have finally seized power, will develop even more swiftly in all its phases than has the Russian revolution. The American soviet government will be organized along the broad lines of the Russian soviets." . . . William Z. Foster, national chairman of the Communist Party of the United States, writing in the Daily Worker (July 1944) and in his book "Toward a Soviet America."

COMMUNIST SYMPATHIZERS INFLUENCE PRESIDENT TO IGNORE THREAT AT HOME WHILE TRYING TO HALT RED EXPANSION IN EUROPE.

Gullible America is being taken over again. The danger of Communism in the United States is **definitely** far more serious now than it was before President Truman stated the Government would eliminate the Reds. WHY? Because Truman knows nothing about Communism and has been tricked into disarming anti-Communists at a time when vigilance is necessary.

We have no evidence of real anti-Communist influence with Truman but we do know he is influenced by politicians, national and international, those whose interest in Communism would be prompted by political expediency or a desire to cause taxpayers to go along with him on a foreign problem. We expect no results from Truman's apparent move to kick the Reds out, for he has never distinguished himself as an anti-Communist; he has been tricked by his advisors, who realized that public sentiment demanded action. It is good politics for them to **purge themselves** so that no important Reds will be hurt.

Truman follows the Red line of playing down the danger of Communism. In his letter to ex-Governor Earle, he says there are too many sane people in the U.S. for Reds to take over the government. Are there any more sane people here now than there were during the New Deal administration when Red influence was prominent in every department? Can Truman make this statement to the millions of Europeans that F.D.R. handed over to Stalin as slaves? Was F.D.R. sane? Is Mrs. Eleanor Roosevelt sane? After raising money and giving several years of helpful service to Communists like Joseph Lant, Eleanor said she had seen

the light and slapped Communism on the wrist; but since then she has been working with many Communist fronts and is now active as Honorary Chairman of a strong front with fifty-two Reds on its directorship — American Relief for Greek Democracy. Mrs. Roosevelt is a power in the administration, also in the United Nations, the framework for World Government.

Everything we can learn leads us to believe that Truman's anti-Communist policy is just another whitewash like F.D.R.'s on Pearl Harbor. Nothing will actually be done to the Commies; on the contrary, the fifty million dollars for this loyalty test will probably be used to place more Reds on the payroll to test other Reds.

Owen Roberts, the man to direct this loyalty test, is the same man F.D.R. picked to whitewash the Pearl Harbor disaster and make Short and Kimmel the goats. Is not Roberts an active One Worlder?

Mastermind Reds prevented the new Congress from throwing out the real traitors. And when public sentiment demanded action, the Reds tricked Truman into creating a set-up they themselves will control. The Reds will most certainly direct this "anti-Communist" campaign against those whom they call "native fascists". Actually, "native fascists" in the Communist jargon are anti-Communists!!!

In the meantime, a national emergency is developing which the Reds will use to advantage. Soon trouble with Russia will grasp our minds and the Reds will continue to build stronger in Washington. (We have evidence it was the Communists' stated program to work day and night to entrench themselves in the U.S. and in England while the peoples of these countries were busy fighting World War II). War with Russia would find our important departments in control of Stalin's agents and we could expect a general strike paralyzing all industry.

If Truman is sincere, why does he not fire some of the Red sympathizers he bumps into every day, such as David Niles? And how about moving the direction of the State Department from Felix Frankfurter's residence down to the State Department? Why not check up on Frankfurter's field man, Benjamin V. Cohen, who was always beside James Byrnes and is now helping to direct Marshall's moves?

It is about time the administration and Mr. Truman put the cards on the table. We cannot destroy Communism over the world and protect it in Washington at the same time. Let's show our honesty and sincerity by first de-

which we have a strong American government, we will be in a position to free the enslaved peoples of the world.

Americans, tighten your belts. Don't be confused and disarmed by this trickery. The Reds are more active now than at any time in the past. Do not give up the fight, for that is playing into their hands; that is their very purpose in creating this situation. Double your efforts. **Be on guard.**

## SPOTLIGHT

on  
LELAND STOWE

This man has been a consistent Communist front and has followed the Communist party line from pre-war days up 'til the present time. According to the LABOR DEFENDER, Sept., 1937, Vol. XI, No. 8, published by the International Labor Defense, Leland Stowe was sponsor of a drive to raise \$25,000 for the work of this Communist front. This organization was cited no less than ten times in the Communist Red Book published by the House Committee on Un-American Activities. Mr. Stowe was a member of the Committee of American Friends of Spanish Democracy, a Communist Front. On May 20, 1943, he was one of the featured speakers at a Carnegie Hall rally sponsored by the National Council of American Soviet Friendship; on the same platform and speaking, were Claude Pepper and Oscar Lange, who renounced his U.S. citizenship, became a Polish citizen and was promptly appointed by the Soviet-dominated puppets to represent Poland on the United Nations!

It is our understanding that Leland Stowe is to be sponsored by the CIO United Electrical Radio and Machine Workers of America on a weekly radio broadcast. This is the type of man who is granted radio time . . . and despite the fact that his sponsor, UE, is a well known Communist front. Why don't we do something about it?

"It is necessary to be able to agree to any and every sacrifice, and even — if need be — to resort to all sorts of devices, maneuvers, and illegal methods, to evasion and subterfuge, in order to penetrate into the trade unions, to remain in them, and to carry on Communist work in them at all costs." — From Lenin's "Left-Wing Communism".

## CONSPIRACY TO SILENCE BISHOP

(continued from first page)

ists). One of these witnesses brought to the U.S. to testify, Baron Heribert von Strempe, says he was also told his family would be shot unless he lied in court against these innocent anti-New Dealers.

So we see the type of man who used taxpayers' money to punish Mr. Bishop. This same O. John Rogge, since he was fired from the Justice Department, has been talking to Reds over the U.S., stirring up hatred.

Rogge is now defense attorney for the sixteen directors of the Joint Anti-Fascist Refugee Committee which THINK WEEKLY has exposed several times as the organization which financed Communism in Spain and set up Tito in Yugoslavia. On March 23 this paper demanded that President Truman cause their arrest; on April 4 these sixteen were arrested and Rogge is the Red servant they asked to defend them.

Are these brazen International Reds to take anti-Communist leaders one at a time and smear and frame us into obscurity? Then who is to defend America and her institutions, our homes, families and religions?

The Conspiracy of Silence ABOUT Bishop, of which he complains, has replaced the Conspiracy TO Silence Bishop, and must be defeated. If persons claiming to be native-born American citizens and admittedly recognized in the Districts of their Domicile as registered voters can be imprisoned without bail, indictment or trial, merely on an administrative bureaucratic fiat, then no one can enjoy the security of due-process or the Bill of Rights so long as COMMUNIST or other termite infiltrators remain in key administrative posts of the Department of Justice, the Immigration or other departments.

We believe that our readers undoubtedly have in their files many news articles, magazine references, pamphlets or brochures which contain evidence of the network of smear-prosecution which misinformed the public in order to divide and discredit those who take a courageous stand against Communist and fellow traveler fronts, and if anyone will send such evidence, we will deliver such records to Mr. Bishop's lawyers. The names of the newspapers, magazines or other publications from which clippings are taken should be jotted down on, or pasted to, clippings wherever known. Unless the sender marks his return address ON THE PAPERS sent us, we will presume their return is not desired.
